Prior to requesting a replacement, please be sure that the problem is not an installation deficiency.
- Finishing deviations must be inspected by an authorized Cuisine Idéale inc. representative. Determination will be made following the inspection whether to repair in the field or to return the product to the factory for refinishing or replacement. No field repair may be done without Cuisine Idéale's approval.
- Stain variations: Since each tree is different, wood material is consequently unique, with natural variations in grain, texture, and color. These variations may also cause considerable differences between old samples and new cabinets. Please Note: Newly produced cabinets will never be the same color as aged samples or cabinets.
